**Subject:** Tammy Edmonds TDLR Case Letter

To all:

Here is the Tammy Edmonds referral to a prosecutor by TDLR, in case someone reaches out to you and asks questions. This is a public record of the City, as it was mailed to the City.

As we receive updates, I will forward to you all. This is significant as the last time Shonna Bellow reached out to TDLR, we were informed that they were having a third-party law firm review the case. Now it has been brought back to TDLR and is under review of their prosecutor. In administrative reviews, this is a significant move, since the third-party law review returning a no finding would likely have resulted in the case being resolved with no further action.

I am forwarding this to Jesse Prado to update his case file regarding Kevin Edmonds. I will also request Jesse's opinion on the significance of this regarding our continued correspondence with the Texas Rangers regarding Mr. Edmonds.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Theo Melancon
